

On the Way to Inclusive-Fitness
THE GENERATION OF TEENAGERS IS DECISIVE
partly after D. D. Hoffman "The Case against Reality", 2019

1. The fundamental Non-Objectifiability of the Now-of-Creation (Nagual) necessitates that the Nagual becomes personally experienceable in the form of resonances and can thus be subjectively objectified.

**This is the concept
of 2nd Defluence.**

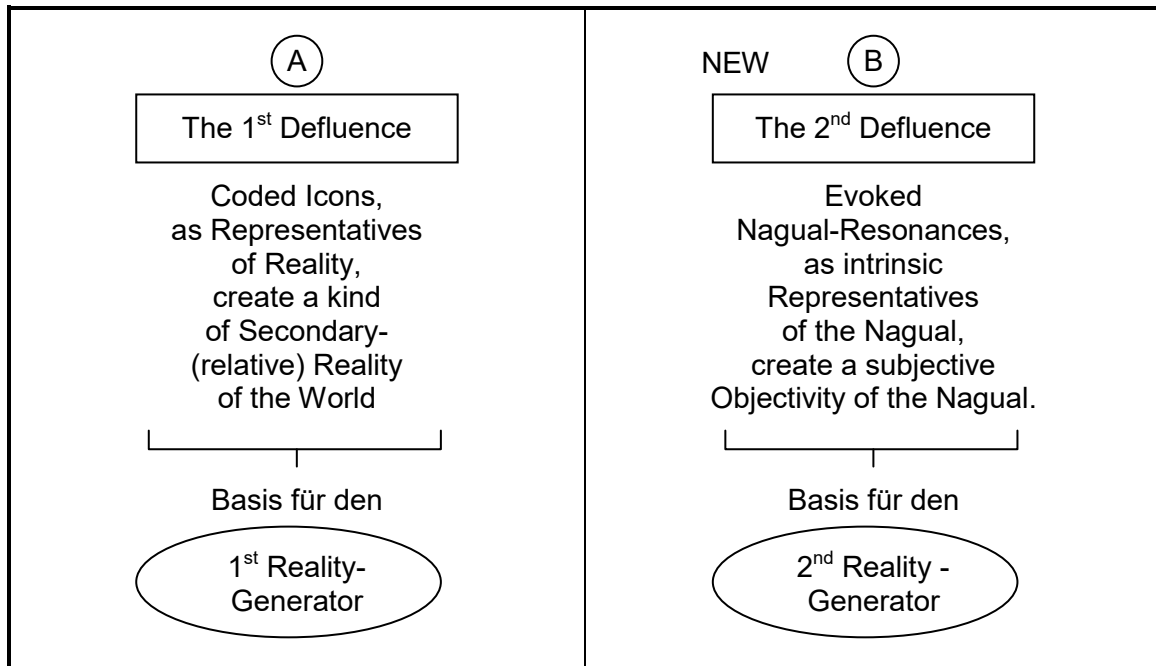

It follows: Our intrinsically evoked Nagual-Resonances act as representatives of the Nagual in our Mind.

2. The fundamental inability to recognize the world (real reality) ... according to Hoffman ... is an explicit Intention of Creation for the Furtherance of our Evolution. It gives our life the Freedom for a permanent Qualification of our Fitness.

This means: the world that is objectified by us humans is thus not the real reality, but consists of "Icons" that we humans encode in the interface of space and time.
Meaning:

**The reality,
which we make our own
through the 1st Defluence,
is only real through
constructed representatives ("Icons")
... so it is only ...
according to Hoffman's book title
"relatively real".**

3. If one puts the results of the two Defluences together, one gets the following picture:

4. In order to be able to practice Co-Evolution, we need the productive cooperation of the 1st Reality-Generator with the 2nd Reality-Generator. So that this cooperation can be established, we need two developments:

To Ⓐ: The secondary (relative) Reality of the 1st Reality-Generator should be made diaphanous and fluctuating. Its

Truth-Absolutism

should be disbelieved.

↳ Metaverse and Mixed Reality are the appropriate tools.

To Ⓑ: The evoked Nagual-Resonances of the 2nd Reality-Generator should not only become present as transient experiences now and then ... e.g., as special emotions ..., but should be integrated as consequently as possible into the I of the Person. From this follows:

**A stable Nagual-I emerges,
which can efficiently act as a
Director of Interfusions with the Free-Nagual.**

5. When the developments of Ⓐ and Ⓑ are accomplished, an important shift in the Mind can be organized:

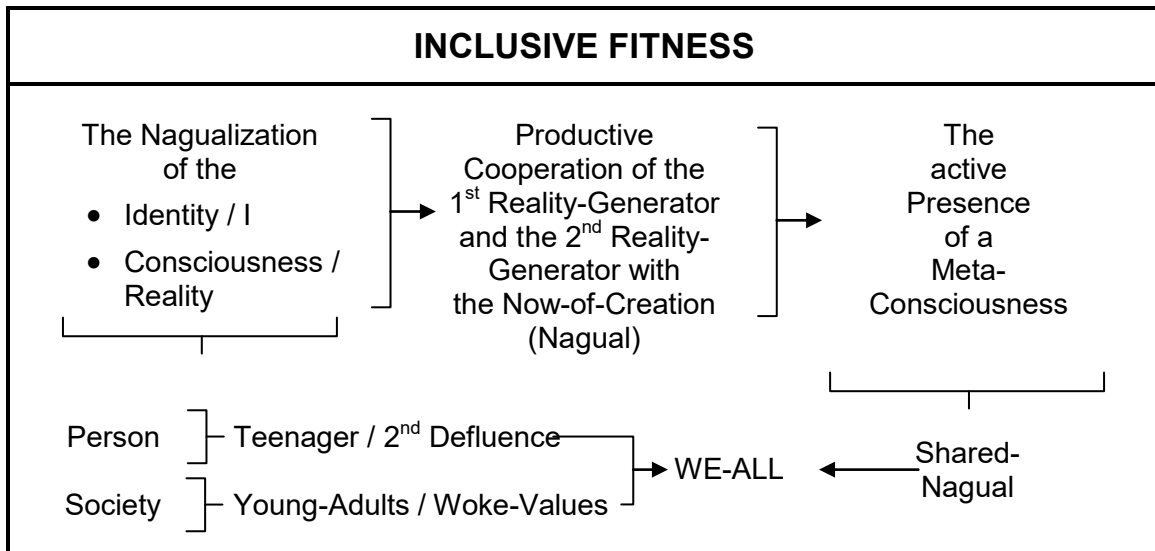

The current concept of our "Fitness for Evolution" is based on the principles of hierarchized better knowledge. The cognitive elite thus automatically becomes the authoritative decision-maker and helmsman in shaping our future.

However, this concept, which can only function as a top-down dynamic, is becoming visibly dysfunctional because the cognition elite has focused its 1st Reality-Generator extremely strictly on rationality of meaning, knowledge and logic of thinking:

**The Elite of knowing-better
is mentally incapable of
accepting and instrumentally
accomplishing a productive
cooperation between the
1st Reality-Generator and
the 2nd Reality-Generator.**

As a prognosis: In the 30s / 40s of this century the Teenagers and the Young-Adults will fight a kind of an "orientation war" against the (more and more aging) representatives of the classical Elite of Cognition. The content of this war is: Cognitive-Fitness versus Inclusive-Fitness ... i.e., Co-Evolution. The all-knowing educated citizens will find themselves on the sidelines

6. The new Inclusive-Fitness is based on the following factors:

It becomes clear that completely new factors will come into play here:

**The Nagualization of the I
connects itself with**

**the Nagualization of the Society
and the Nagualization of the We-All (Humanity).**

Thus, I, Reality, Society and Meta-Consciousness enter into a functional union.
From this follows:

**The main actor of Co-Evolution
will be a mental Emergence-Team.**

**This Emergence-Team
consists of two partners:**

The entry of mankind (or the Democracies) into the 2nd Axial-Age will depend, among other things, on whether we succeed in developing this Emergence-Team and anchoring it socially. We will probably only be able to develop the Nagual-System, which is still to be conceived, on the basis of an efficiently working Emergence-Team.

The Emergence-Team, which will be the central "operator" for the processes of Co-Evolution, can only be established if we manage to appoint and foster a "Change-Agent Tandem" ... i.e., Teenagers (2nd Defluence / Nagual-I) and Young-Adults (Woke-Values / Nagual Mind-Cards). As a sketch:

- 7. A From this point of view, it becomes clear how incredibly important it is for our Future that we actively help the Teenagers to complete the Nagualization of their I.

This is where it begins ... the process that connects two of the most important areas of Human-Being so that they can mutually develop for the Better:
